EDUCATION

GEORGIA INSTITUTE OF TECHNOLOGY

2017-PRESENT

MASTERS OF INDUSTRIAL DESIGN

FOCUS: HCI

UC SANTA BARBARA

2013-2017

B.A. IN POLITICAL SCIENCE

EXPERIENCE

CREATIVE INTERN | CENTER FOR DELIBERATE INNOVATION | 2018-present

- Design an online experience and curriculum that helps startups, companies, and entrepreneurs grow by recognizing cognitive biases
- Edit and produce audio and video content that populates the experience

UNDERGRADUATE RESEARCH ASSISTANT | UCSB MAT | 2016-2017

- Collaborated with a team to program and design an autonomous system of ground-based moving robots coordinating with a flying drone, all guided by an ultrasonic sensor array that provides localization data
- Developed the physical localization and sensor array
- Created the bridging code to transfer location data to central server

STAFF WRITER | DAILY NEXUS | 2014-2016

- Reported for the News column, writing up to three features and articles a week
- Investigated UC administration affairs, local issues in Isla Vista, CA, and student affairs
- Created content for a perspective on both topical world issues and culture/media for different columns

DESIGN INTERN | SKYMOUSE | 2012-2013

- Assisted in the design of Skymouse, a wireless, finger-tip controlled mouse alternative
 - Created graphics, produced, and edited promotional videos with the rest of the team
 - Managed the running of a Kickstarter campaign that raised over \$40,000
 - Communicated with backers and potential investors
-

SKILLS
